

Maris

Usher in a new era.

For those who prefer a lot of space

The rear offset drain maximizes the usable surface of the bowl and creates extra cabinet space beneath the sink. Add an optional drain cover to conceal the strainer and you create a level workspace in the bottom of the sink.

Wash, prep, work, and life

With our easy-to-use integrated ledge system, you'll accomplish more with your sink while making the most of your surrounding counter space. Custom fit cutting boards, roller mats and colanders are designed to keep all your kitchen tasks within reach.

A fresh start in every detail

Maris granite sinks are enhanced with Sanitized® Technology, which works behind the scenes to neutralize odors and reduce bacteria and microbe growth by 99%. Designed to withstand scratches, stains, and high temperatures, your sink will retain its elegance for years.
