# FREESTANDING BATHS

THE BOLD LOOK OF **KOHLER**.

#### DEPTHS OF DESIGN

KOHLER® freestanding baths are one of life's little luxuries. Delicate yet decadent. Swank yet simple. They exhibit control with perfect proportions, yet they invite us to unwind in the depths of the water as we let down our guard in quiet moments of reflection and relaxation. Each bath presents itself as a statement piece for your bathroom. It becomes an essential element that reflects your taste and style to the world while remaining a retreat wholly apart from it. Immerse yourself in the luxury of freestanding baths from Kohler.

#### HUMAN FACTORS

Kohler carefully considers ergonomic details and consumer experiences with every freestanding bath we manufacture. In this way, we can ensure our baths provide a deep soak, lumbar support and many other features to help you stretch out and enjoy a relaxing bath.

# INTRODUCING OUR NEW CAST RESIN MATERIAL

This strong, high-gloss material allows for new geometries, textures and designs for the modern bath. It's easy to clean and retains heat to give you a longer soaking time. These new cast resin baths include an integrated slotted overflow for a deeper, more immersive bathing experience. A color-matched drain is also included to complete the look and allows for easier installation.

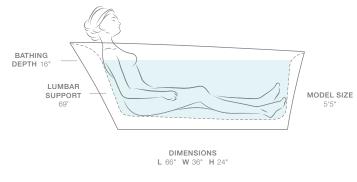

# CAST RESIN BATHS

Flowing and immaculately balanced curves elicit a sculpted simplicity and artistic nuance. Veil provides a contemporary, elegant and harmonious experience in tune with the most modern rituals of daily life.
